The Market Maker's Getting-Started Checklist

Best place to sell: Craft fairs, farmers markets & pop-ups

- [ ] 1 Visit two or three markets as a shopper: note who the crowd is, what sells and at what price
- [ ] 2 Choose a market whose shoppers match your work and price range, and check dates and booth fees
- [ ] 3 For farmers markets, check whether they expect you every week for the season or quarter
- [ ] 4 Know your floor and your profit price for every piece before you write a price tag
- [ ] 5 Build a range: small impulse buys, mid-priced pieces and a few showstoppers
- [ ] 6 Make enough stock to fill your table, plus extras of your likely best-sellers
- [ ] 7 Practise your table setup at home, with clear price labels and some height
- [ ] 8 Set up a card reader, a float of small change and an email sign-up QR code
- [ ] 9 3–4 days before: post on social media, tag the market and email your list. Post again on the day
- [ ] 10 Check your business licence, tax registration and whether the market requires insurance
- [ ] 11 Pack your kit: tent weights, tablecloth, bags, tape, water and snacks
- [ ] 12 Afterwards, note what sold, what people asked about, and your takings minus costs
